

THE LANGUAGE OF THE HOLY SPIRIT- When the Son came in human garment, He revealed the power of His Father within. Yet the Father has been hiding in all of His creation since the beginning. Paul explains, *"For since the creation of the world, His, (God's), invisible attributes are clearly seen, being understood by the things that are made, even His eternal power and Godhead, so that they, (we), are without excuse."* (Rom.1:20) Indeed, God, who is invisible Spirit, is hid in every part of His creation. When the words were spoken, "Let there be light" it was God who is light, that replaced the darkness. When God placed the sun, the moon and the stars into the firmaments, it was God Himself who shone in the void of space, and ruled over the earth. God is life, all levels and manifestations of life. Life in the trees, in the flowers, in the grass, in the fish of the sea, in the birds of the air...all life is a manifestation of God. This is why Paul said, that God's nature is clearly seen in His creation. When man, who is the highest, visible manifestation of God, fell into the realm of death, the entire creation fell with him, and life dropped to a lower level, but God remained hid in all of His creation. So everything in creation as we know them today, are types and symbols of God's being. God is not just a man, although we see Him in mankind. God is not a tree, although trees are symbolic of humanity and God is in humanity. If the Bible had never been written, the creation around us and in us, is sufficient to reveal God to us.

From the most minuscule, microscopic form of life, to the deepest unfathomable, to the highest and the widest, and the most enormous creature, all created things are types and symbols of our invisible God and His invisible realm. God is Spirit and He is seen in His natural creation. Once we understand this, we are less susceptible to being caught up into visions of fictional fairy tales. When God's Spirit speaks to us in dreams or visions, He communicates using things or events of this natural creation.
